Application Documents	<p><b>1. Language certificate(s):</b> For the application, we need proof for one language according to the main language of instruction. Should the student want to do courses in the other language, we ask for it when we sign the learning agreement.</p> <ul style="list-style-type: none"> <li>Language of instruction = <b>GERMAN</b>: proof of language competence at least level <b>B1</b> (certificate of a school, university or language institute). To pass exams in German we highly recommend to reach level B2 until arrival / taking a German course B2 before and/or during your stay.</li> <li>Language of instruction = <b>ENGLISH</b>: proof of language competence at least <b>B2</b> (certificate of a school, university or language institute).</li> </ul> <p>Certificate must be issued in either English or German! High school certificates in other languages can only be accepted with an additional confirmation from the home university.</p> <p><b>IMPORTANT!</b> Bachelor students in <b>Architecture</b> are not allowed to select courses of the Master programme Architecture nor the Master programme Building Sciences and Environment. Bachelor students can only choose from the Bachelor programme and must therefore have excellent command in German on level <b>B1</b> (see language skills). It does not apply to Spatial Planning!</p>

Introduction session - summer semester	Orientation and Information Sessions during February (for exact dates see our webpage).
Language in which courses are taught	German, English
Are there courses taught in English?	Yes, in the Master Programmes. Students at Bachelor level should have excellent command in German. How to find <a href="#">courses taught in English</a> .
Are there language courses for ERASMUS+ students?	Intensive and Semi-intensive (=Semester) courses: ca. Euro 420-550,- <a href="http://www.tuwien.at/international">www.tuwien.at/international</a>
Orientation/Activity programme	Optional: Vienna Discovery Programme in Sept. and Feb. (Euro ~ 100); Details at <a href="#">IO-webpage</a> .
Is there an ERASMUS+ students' service at each Faculty?	No / but there is a list of ERASMUS+ academic advisors
Are you able to receive students from other subject areas instead of the ones agreed on the Bilateral Agreement?	No
In case we agreed one student for the whole academic year, would you be able to receive two students for one semester each instead?	only upon request
In case we agreed two students for one semester each, would you be able to receive one student for the whole academic year instead?	only upon request

Do you prefer ERASMUS+ students to study at your institution during the winter or summer semester, or the whole academic year?	no preferences
Is the choice of modules restricted for ERASMUS+ students?	<p>In general, you may choose courses from different tracks as long as you have completed the prerequisites or have the equivalent knowledge necessary to enrol + if places are available! Prerequisites can be found in the course description.</p> <p>NB! The majority of courses should be selected from the academic programme you were nominated to.</p> <p>At TU Wien we care about you continuing your study cycle smoothly, so we give you freedom in courses choice according to your academic needs.</p> <p>We recommend not taking less than 12 ECTS and not more than 30 ECTS not to be overloaded with academic activities and have a nice exchange semester.</p> <p><b>Except: Bachelor students in Architecture</b> are <b>NOT</b> allowed to select Design Studios of the Master program Architecture. If Bachelor students want to take a Design Studio of the <a href="#">Bachelor programme</a>, they must have excellent command in German (see language skills).</p>
Final projects	<p>Yes, if students are able to find a supervisor at TU Wien themselves; We do not offer such assistance.</p> <p><b>Master</b> project: 30 ECTS    <b>Bachelor</b> project: 5/10 - 12 ECTS</p>
Short description of registration process	<a href="https://www.tuwien.at/en/studies/international/incoming-exchange-students/erasmus-study-joint-study/registration">https://www.tuwien.at/en/studies/international/incoming-exchange-students/erasmus-study-joint-study/registration</a>
ECTS credits / workload	<p>ECTS credits are awarded based on the amount of effort required to complete each course. The official workload of a semester is comprised of 30 ECTS credits.</p> <p>Note: Please keep in mind that the average time taken by local students to complete their studies at TU Wien is <u>more</u> than the official length of studies (for Bachelor 6 semesters / Master 4 semesters). This means that the average workload is <u>less</u> than 30 ECTS credits. A workload of 30 credits per semester or 60 credits per year should therefore be considered as more than an average Austrian student would perform during a year and means a very high workload, often impossible to complete.</p>
