From within city/town to institution	The university is 5 minutes walk from the train and bus station. From the main exit, turn right and follow the tram line along "Cours de la République". The university buildings are red bric buildings on the right hand side after the traffic lights.
Buddy System	Student tutors recruited by the International Office welcome incoming students at Le Havre train or bus station. They contact the students by email one month before they arrive. Students must make sure they inform their tutor about the day and time of their arrival.
Administrative formalities	The International Office and its tutors assist and guide exchange students to do administrative formalities during the first weeks of their stay.
Housing	According to availibilities, the International Office propose accommodation for exchange students in halls of residence managed by the CROUS. The rent is between 350 and 400 euros per month (electricity and water charges are included).
Type of housing	Most of the CROUS and private residences offer individual studios with own kitchen and bathroom. Students have to bring or buy their own bed linen, towels and cooking utensils or they can buy it with the help of guidance of their tutor when they arrive.
Health Insurance	Students must register on the website https://etudiant-etranger.ameli.fr/ so they will be associated with French general scheme of social security (sécurité sociale). This procedure is free and obligatory. As this social security system only reimburses up to 70% of medical fees, students are strongly advised to take a complementary health insurance for the duration of their stay, either in their own country or in France (mutuelle).
