Fall semester / Full academic year	1 June 2026	30 June 2026
Spring semester	1 November 2026	30 November 2026

Nomination email : incoming.students@cpe.fr

Academic offer for exchange students

CPE Lyon engineering curricula begin in Year 3 (Semester 5), after two prior years of higher education. Courses are organised by programme, year and semester. Exchange students must follow a coherent course selection within one programme and one semester.

Programmes and available study levels

Programme	Language	Open to exchange students	Main academic fields
Digital Science and Technologies (ETI)	French B1 required B2 recommended	Year 3: S5/S6 Year 4: S7/S8 Year 5: S9	Computer science/programming; electronics and embedded systems; mathematics, signals and images; networks/telecom and cybersecurity; software & Big Data; robotics; image, modelling and computing.
Chemistry – Chemical Engineering (CGP)	French B1 required B2 recommended	Year 3: S5/S6 Year 4: S7/S8 Year 5: S9	Molecular and organic chemistry; analytical sciences; physical and inorganic chemistry; process engineering; formulation; materials; life sciences and biotechnology.
European Biotechnology for Sustainability (EBS)	English B1 required	Year 3: S5/S6 Year 4: S7/S8 Year 5: not currently open to exchange students	Biotechnology; bioprocesses and chemical engineering; sustainability; computational biology; projects and internships.

Academic calendar and mobility rules

Study year	Start of academic year	End of classes
Year 3	1 September 2026	18 June 2027
Year 4	2 September 2026	28 May 2027
Year 5	21 September 2026	22 January 2027

- Spring semester starts on 1 February 2027. The overall second-semester academic period, including assessments where applicable, may extend until 16 July 2027.
- Students are expected to be present for the full academic period corresponding to their mobility. Late arrival may be accepted only up to 7 days after the semester start, subject to approval by CPE Lyon and the home institution.
- Attendance at classes, tutorials, practical work, projects, examinations and other compulsory activities is mandatory.
- Any change to the Learning Agreement must be approved by CPE Lyon and the home institution. For Erasmus+ students, changes must be validated within two weeks after the beginning of the semester.
- Official transcripts are issued after the relevant academic jury, generally within three to four weeks after the jury date. A provisional transcript may sometimes be available earlier, subject to result availability.

Application and practical information

Application procedure

1. The home university nominates the student by email to incoming.students@cpe.fr before the nomination deadline.
2. CPE Lyon checks academic compatibility and the intended programme/year/semester.
3. The nominated student submits the complete application file before the application deadline.
4. Course selection is validated through the Learning Agreement / Online Learning Agreement and can only be adjusted with the required approvals.

Required application documents

- Learning Agreement / Online Learning Agreement (Erasmus+ where applicable)
- Passport or national ID copy
- Official transcript of records
- Proof of language proficiency at the required level
- European Health Insurance Card or equivalent health-insurance documentation, as applicable

Insurance

Students must have valid health coverage for the full mobility period (European Health Insurance Card or equivalent private health cover, as applicable), civil-liability insurance, and housing insurance when living in a residence or private accommodation. Complementary health, repatriation and personal-accident insurance are strongly recommended.

Accommodation

Accommodation may be offered through the CROUS or CPE Lyon partner residences, subject to availability. Housing is not guaranteed. Students should follow the instructions sent after admission and apply as early as possible.

Accommodation contact: Elodie GONNET – elodie.gonnet@cpe.fr

Visa

Students who require a French student visa should start the procedure as soon as they receive the necessary admission documents. Requirements depend on nationality, country of residence and duration of stay.
