| Date of arrival at DIT  | to be confirmed |
The International Student Office will run an Induction for Erasmus Students: Details of Induction will be sent to students by email

### Important Information

#### Application process

1. Students must be nominated by their home university **as soon as possible and no later than the 20th April for Semester 1 and the 1st November for Semester 2.** Please email erasmus@dit.ie with student full names, email, subject area at home institution & DIT host School.
2. Students will then receive an email from DIT with information about how to apply online and print off the hard copy application.
3. The Hard Copy application should then be signed by the student and home institution, scanned with the supporting documentation** into [ONE Multipage PDF file and sent to: incoming@dit.ie](mailto:incoming@dit.ie)
4. Once the application is received the student will receive confirmation of receipt via email.
5. 3 to 4 weeks after the closing date, students will receive an email to confirm an outcome on their application. Should it be successful an acceptance letter will also be sent to their email address.
6. An Erasmus Information Pack will be sent by email to all accepted students.

The Exchange Coordinator will keep in contact with students by email prior to their arrival at DIT.

**supporting documentation depends on area of study. Transcripts of higher education to date are required of all applicants. Some courses may require a portfolio (Architecture/Media/Art, Design & Printing)**

#### Module selection / Learning Agreement

- Once accepted, students will be contacted by their DIT academic Coordinator
- Students **will not** be permitted to choose modules across multiple programmes and Schools.
- Where 30 ECTS are required per semester, students must choose at least 20 ECTS from modules on an existing programme in their DIT host School. These must be selected prior to arrival.
- Remaining ECTS may be obtained from modules on other programmes if timetabling/resources/space allow. These modules will only be finalized upon arrival at DIT.

#### Accommodation

**DIT does not have on-campus accommodation.**

However, DIT Campus Life provides information on accommodation options in private student residences, as well as private houses and apartments: [http://www.dit.ie/campuslife/studentsupport/accommodation](http://www.dit.ie/campuslife/studentsupport/accommodation)

Please note that accommodation costs in Dublin are generally more expensive than mainland Europe. A cost of living guide is available here: [http://www.dit.ie/campuslife/studentsupport/costoflivingguide/](http://www.dit.ie/campuslife/studentsupport/costoflivingguide/)

Private rental properties in Dublin continue to see a significant rise in monthly rental costs per quarter. Therefore it is strongly recommended that incoming erasmus students secure accommodation from the approved accommodation listing, and DO NOT under any circumstances send any money to secure accommodation being offered by private landlords prior to arriving in Dublin and seeing what is actually on offer to them. No money should be handed over to private landlords until an acceptable lease has been approved and signed by all parties.

#### Information for Bilateral Agreements

All bilateral agreements should include the name of the DIT Exchange Coordinator and the Academic Coordinator. All renewals should be sent first to the DIT Exchange Coordinator.
