Many of the exchange students coming to TUT will be designated accommodation within a walking distance from TUT. TOAS makes only fixed tenancy agreements, which cannot be terminated in the middle of the semester.

TOAS web page (<http://www.toas.fi/en>) gives more detailed information about the application periods, procedure, rules and regulations. The rent in a student apartment varies between EUR 250-400 per month. Student apartments are usually two-or three-bedroom apartments, where the student has a single study-bedroom and shares a kitchen and a bathroom with the other students in the apartment. The laundry facilities are located in the basement of each building. Student apartments are equipped only with basic furniture including a bed with a mattress, a desk and a chair, a shelf and a kitchen table with chairs.
