International Summer School on Technology Transfer in the Life Sciences

Do you want to make the most of your own research and knowledge?
Do you need help in the realization of your business opportunities, but are not sure where to start?

Then the **9th International Summer School on Technology Transfer in the Life Sciences** is the right place for you!

From **23 September to 27 September 2024**, you can gain skills that will directly help you develop your business project at this week-long event at TU Dresden. Workshops range from the protection of your intellectual property to patent filing and licensing. At the end of the week, you will have the opportunity to pitch your business idea to a selected panel of technology experts. They will provide you with crucial feedback and help you to further develop your idea.

With such a wide range of workshops, you will be ready to launch your very own life sciences business.

Don't miss out on this opportunity to take your entrepreneurial journey in the life sciences one step further!

You can apply now until the **15th of May** on the website

<http://summerschool-dresden.de>.

Participation is free of charge!
