

## Call for Applications for the first JSMC Summer School 2025!

Jena School for Microbial Communication

Come to Jena in the heart of Germany this summer and get exciting insights into your next big step in your academic career at Friedrich Schiller University Jena!

### ***What and when?***

The graduate school, the Jena School for Microbial Communication, will host its first Summer School. An engaging two-week program of science and social events is awaiting you from Aug 1-15, 2025

### ***Who can apply?***

Open to all recent M.Sc. graduates and soon-to-graduate master students of life sciences and bioinformatics with an interest in pursuing a PhD in Microbial Communication

### ***How to apply?***

For online applications please follow the link <https://apply2.uni-jena.de/wtvop>

The deadline for applications is April 30th and selected candidates will be contacted in May 2025.

For more information and the detailed program please visit our website [www.jsmc-phd.de/summer-school.html](http://www.jsmc-phd.de/summer-school.html) and reach out to [jsmc@uni-jena.de](mailto:jsmc@uni-jena.de)
