Mobility Agreement

Prior to the start of the mobility, the student, the home institution and the host institution sign a tripartite agreement, which defines the content of the mobility and the procedure for recognizing the learning outcomes.

Grant Agreement (Individual support for physical mobility)

Participants are entitled to receive financial support in the form of a grant, based on a signed Grant Agreement before the mobility period, where the amount will be specified, based on travel and individual support.

Calculation and payment of the final amount of the participant's grant is subject to the submission of all necessary supporting documents by the participant, as specified by the individual grant agreement.

The category "Individual support" is intended to cover costs directly linked to the subsistence of participants during the activity. In general, the amount of support depends on the country of origin of the student who would go on mobility.

Additional financial support is granted to candidates who consider himself/herself as a participant from disadvantage background. In this case, he/she describes the facts and personal circumstances in a motivation letter. Disadvantage backgrounds are categorized as follows:

- Special needs (physical, mental, intellectual or sensory deficits),
- Health problems (chronic diseases, physical and / or mental conditions that impair functioning),
- Cultural differences (problems of cultural inclusion, especially migrants / refugees, ethnic minorities)
- Social barriers (limited social competences, high-risk behaviors, family circumstances),
- Economic barriers (low income, low standard of living, poverty, unemployment, dependence on social protection),
- Barriers to discrimination (gender identity, age, ethnic discrimination, religion),
- Geographical barriers (participants from distant and / or less developed areas).
