# International Summer School

2022

**THE UNIVERSITY OF LIVERPOOL INTERNATIONAL SUMMER SCHOOL IS AN OPPORTUNITY TO STUDY WITH STUDENTS FROM ALL OVER THE WORLD, EXPERIENCING ACADEMIC LIFE IN THE VIBRANT CITY OF LIVERPOOL. THIS 3- OR 6-WEEK COURSE IS A CHANCE FOR STUDENTS TO SAMPLE WHAT THE UNIVERSITY HAS TO OFFER THROUGH AN ON-CAMPUS OR ONLINE EXPERIENCE, STUDYING CREDIT-BEARING ACADEMIC MODULES, AND DRAWS ON THE UNIVERSITY'S EXPERTISE ACROSS OUR THREE RESEARCH INTENSIVE FACULTIES.**

**Course details**

Students are able to tailor their ISS experience through how they choose their modules. They can choose to study on-campus or online, either choosing fewer larger modules or a mix of smaller different modules for a more diverse academic offering.

As well as offering modules designed to enhance employability, engage students in today's big questions and develop their critical thinking skills, we have worked hard to ensure that the city of Liverpool is a key part of our programme, so our modules have both a local and global context.

In addition, with the on-campus programme in the centre of the city, students are able to quickly settle in to city life, and finish their studies feeling like a true Scouser.

We welcome students from all over the world, and those whose first language is not English may choose to study on our English Communication Skills pathway, with non-credit bearing modules designed to improve their English with practical scenarios and goals.

Students will be in class for between 6 and 16 hours each week, depending on their module choices. In addition, students will be expected to supplement this with self-directed study.

Assessment modes differ across the modules and will typically be based on an essay, a presentation or in-class tests. Full details are available in our Module Guide.

**Credit**

Students coming for 3 weeks will choose either three 5 credit modules, or one of our brand new 15 credit modules, which enables them to earn up to 15 UoL credits, the equivalent of 7.5 ECTS. For 6-week students, this is doubled.

English Communication Skills is non-accredited.

Modules are grouped based on different themes and topics. These themes are based on the University's expertise across all three faculties.

**ALUMNI BENEFITS**

Students who graduate the ISS can also access benefits available as an alumni of the University of Liverpool.

These benefits include access to University alumni networks and events, continued online library access and significant financial discounts on Postgraduate study at the University of Liverpool.
